*Authorized by Part 31, Water Resources Protection, of the*  
*Natural Resources and Environmental Protection Act, 1994 PA 451, as Amended*

**CERTIFICATE OF COVERAGE (COC)**

**Under General Permit No. MIS220000**  
**SW-Containment CY2 General Permit**

COC NO.: MIS220[REDACTED]  
 DESIGNATED NAME: [REDACTED] Auto Salvage Inc  
 PERMITTEE: [REDACTED] Auto Salvage Incorporated  
 MAILING ADDRESS: [REDACTED]

This COC authorizes [REDACTED] Auto Salvage Incorporated to discharge an unspecified amount of storm water that meets the criteria established in General Permit No. MIS220000. The discharge is from the [REDACTED] Auto Salvage Incorporated facility located at [REDACTED] Michigan. The discharge is to Marion and Genoa Drain.

Sections of the General Permit applicable to this facility include: the cover page, Part I.A., Part I.C., Part I.D., Part I.E., Part I.F., and Part II, inclusively.

In accordance with the General Permit, the following receiving water hardness value(s) apply to the permittee:

Name of Receiving Water	Hardness Value (mg/l)
Marion and Genoa Drain	286 mg/L

This authorization is based on certification received on July 20, 2017, that the permittee is in compliance with the following requirements of the Storm Water Pollution Prevention Plan and the General Permit:

- Source identification requirements
- Industrial Storm Water Certified Operator requirements
- Prohibition of unauthorized non-storm water discharges
- Nonstructural preventative measures and source controls
- Structural storm water pollution control requirements as needed

By April 25, 2019, the permittee shall submit to the Department of Environmental Quality an acceptable Benchmark Monitoring Study Plan for monitoring and analysis of storm water discharges from automobile salvage yards.

The permittee may request Department of Environmental Quality approval to forgo benchmark monitoring provided they meet the conditions for such approval set forth in the Benchmark Monitoring section of the General Permit. Such a request shall be submitted to the Department on or before April 25, 2019.

Unless specified otherwise in the General Permit, all contact with the Department of Environmental Quality (Department) and all Department approvals, shall be directed to or made by the Water Resources Division's Lansing District Office. The Lansing District Office is located at 525 West Allegan Street, 1st Floor, South Tower, Lansing, MI, 48933, Telephone: 517-284-6651, Fax: 517-241-3571.

Any person who is aggrieved by this COC may file a sworn petition with the Michigan Administrative Hearing System within the Michigan Department of Licensing and Regulatory Affairs, c/o the Michigan

Department of Environmental Quality, setting forth the conditions of the COC that are being challenged and specifying the grounds for the challenge. The Michigan Department of Licensing and Regulatory Affairs may reject any petition filed more than 60 days after issuance as being untimely.

The issuance of this COC does not authorize violation of any federal, state, or local laws or regulations, nor does it obviate the necessity of obtaining such permits, including any other Department of Environmental Quality permits, or approvals from other units of government as may be required by law.

This COC is based on a complete application submitted on July 20, 2017. The permittee is subject to all conditions specified in General Permit No. MIS220000, issued August 31, 2016, expiring April 1, 2022. This COC may be modified, terminated, reissued, or revoked as allowed for in General Permit No. MIS220000. On its effective date, this COC shall supersede COC No. MIS210240 (expiring April 1, 2017), which is hereby revoked.

**Issued October 25, 2018**
